"PROUDLY MADE WITH ADMIRAL MALT" SEAL

You have invested in a premium, sustainably grown, floor-malted, freshly kilned, California sourced, malt. We believe malt is the heart and soul of a good beer. No malt, no beer. You probably already tell your customers what hops you use, and now, with this seal, you can simply and easily share the compelling story behind the malt you use. Feel free to use this on your packaging or point of sales material."

The only green beer we're serving is delicious, low bitterness, high aroma, tropical fruit basket unfiltered Hazy IPAs. Really it's less green, than an aromatic foggy haze with a every-so-slight hoppy green tint from a particularly abundant and unfiltered dry hop. We love these beers. On tap at both taprooms: 🦋 THEY'RE GOOD HOPS, BRENT DIPA 7.5% double IPA dry-hopped with mosaic, el dorado, motueka & citra hops 🍷 A BREWERY TO CALL OUR OWN IPA 6.2% hazy IPA with galaxy, citra & hallertau blanc hops 🍌 TIKI IPA 4.7% fruited hazy IPA with citra & mosaic hops, coconut, mango & pineapple
